Subject : Hi ☺

Hi Marco

Nice to meet you ! My name is Dani and I' m fifteen. I live in London with my mum, my little brother Alfie and my dog, Cookie.

I like school and my favourite subjects are : Physical Education (PE), Chemistry and Computing. Chemistry because we do experiments in the lab and our teacher, Mr King, is so funny. In PE I enjoy playing basketball, which is my favourite sport. I'm good at it because I'm quite tall. Our team usually wins. I'm fond of computing because I want to work with computers in the future. I can create a webpage for our basketball team.

After school I enjoy hanging out with my friends. At weekends I sometimes practise skateboarding in the park. I'm keen on it because I can go very quickly. I love relaxing a bit on Friday evenings because there's no school on Saturdays.

How about you ? Tell me all about yourself, your interests and what subjects do you like at school ?

Best wishes

Dani
