Afaf Read Sharif the 17 years old girl from Palestine beats 7.4 million condidates to win this year 's title of Arab Reading Challenge. Afaf Read Sharif was awarded the 1 st prize during a grand ceremony held at the Dubai Opera House and received \$100,000 as prize money and university scholarship She said : I feel happy and proud because this is something I have been wanting to contribute to my nation.

In total, I have read 50 books this year for the competition but in my entire life, I have read more than 60 books. The competition helped me to become more determined towards reaching my goals and made me more confident. We need such initiatives in the Arab world. I took a vow to myself to dedicate an amount of the prize to humanitarian work and the other for my university tuition. I also dream to study medicine so that I can treat the people of their wounds and pain.
