Text

Hi, my name's lyna.

In 2008, I travelled to Cairo in Egypt. It was a very nice trip. I still remember the pyramids; those very big and very old tombs of the Pharaohs. The biggest one is called "the Great Pyramid". It is 146.5 meters high. It was built between 2580 and 2560 BC.

Did you know that it took 20 000 workers and around 20 years to build it!! It's an amazing landmark! Please, tell me about the most memorable place you ever visited!

My best regards,

Lyna
