Covid 19 shuts the schools for a month

Japan and Hong Kong have closed their elementary, junior-high and high schools until April. Governments say they want to protect children from the COVID-19 coronavirus. Schools in Japan will remain closed until April the 8th, which is the start of the new school year. Children in Hong Kong will return to school on April the 20th at the earliest. Parents are now worried about the school closures. Working parents have to think about how to care for younger children. Grandparents will look after many children while their parents go to work. However, many children have no grandparents or extended family who live nearby. Parents may have to pay for expensive childcare fees.

Adapted from: The Reading /Listening-

Covid19 - Level 03
