A right-angled triangle is shown with a horizontal base of 20m and a vertical height of 15m. The hypotenuse is labeled 'x'.

$M = (x) \in \mathcal{O}_K$ and $x \notin \mathcal{O}_K = (x) \in \mathcal{O}_K$

١، حيث ساهم كل أستاذ بمبلغ 300

نناء مكتبة عليها حيث الجزء (1) يخص لإدارة لتسيير شؤون المكتبة.

A rectangular field is shown with vertices labeled A and B. The length of the field is indicated as 20m.

A diagram of a rectangular block with a yellow fill and a black border. Point M is at the top-left corner, and point N is at the top-right corner. A horizontal line segment connects M and N, representing the top surface of the block.

15m (2) 10m

2. x و y را به سادگی با هم جمع کن تا $x + y < 2$ را بدست آید.

(على محور الفواصل كل 1cm يمثل 5m، و على محور الترتيب كل 1cm يمثل المساحة $50m^2$)

5- من خلال التمثيل البياني : قارن المساحتين S_1 ; S_2 حسب قيمة الطول $PC = x$.
