The image shows two sets of base ten blocks. On the left, there are four blocks representing 100: one large square (100) and three smaller squares (10 each). On the right, there are four blocks representing 1000: one large cube (1000) and three smaller cubes (100 each).

Diagram illustrating the process of counting down from 10:

- 10 is represented by a single vertical bar.
- 10 is decomposed into 1 (a single vertical bar) and 9 (a group of 9 vertical bars).
- 9 is further decomposed into 1 (a single vertical bar) and 8 (a group of 8 vertical bars).
