

Presentation Guidelines

- The project is about presenting a published work by a group of two (2) students about **the applications of AI in our life**.

Presentation slides: about **30 minutes**.

- Presentation contents:
 - o Overview about the application
 - o Algorithm details:
 - ♣ Inputs
 - ♣ Outputs
 - ♣ Methodology
 - ♣ Dataset: source, preprocessing, etc.
 - ♣ Experimental results
- Presentation evaluation criteria:
 - o The quality of contents: **5 points**
 - o The quality of presenting the work by each student: **3 points**
 - o Answering the questions: **2 points**
 - o The practical work support
- Both presentation and material should be in **English**.
